Postemployment Benefits – State Retiree Health Care Plan

Compliant with the requirements of Government Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State of New Mexico has implemented this standard for the fiscal year ended June 30, 2018.

The (Department, Agency, Commission, etc.), as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple-employer defined benefit postemployment health care plan that provides comprehensive group health insurance for persons who have retired from certain public service positions in New Mexico. The other postemployment benefits (OPEB) Plan is administered by the Retiree Health Care Authority of the State of New Mexico. Overall, total OPEB liability exceeds OPEB Plan net position resulting in a net OPEB liability. The State has determined the State’s share of the net OPEB liability to be a liability of the State as a whole, rather than any agency or department of the State and the liability will not be reported in the department or agency level financial statements of the State. All required disclosures will be presented in the Comprehensive Annual Financial Report (CAFR) of the State of New Mexico.

Information concerning the net liability, benefit expense, and benefit-related deferred inflows and deferred outflows of resources of the primary government will be contained in the State of New Mexico Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2018 and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.
