# BUDGET BOOT CAMP MODULE 3: BUDGET MANAGEMENT DOCUMENTS

Dr. Andrew Miner, DPA

Principal Executive Budget and Policy Analyst, State Budget Division

andrew.miner@state.nm.us, 827-3812

#### MODULE OVERVIEW

- Budget Management Documents documents that agencies prepare and submit to SBD during the fiscal year to adjust their budget per legislative and statutory authority
- Budget Adjustment Requests (BARs)
  - Types and Authority
  - How to submit a complete BAR
  - Appropriate backup documentation
- Budgeting Nonrecurring Appropriations OPBUD-4s and Allotment Forms
- Special Cases: Reauthorizations and Companions
- Adjusting Nonrecurring Appropriations Budget Reallocation Forms (BRFs)
- Demonstrations for completing forms

#### SUBMISSION PROCESS FOR BARS, OPBUD-4s AND BRFs

- Email to <u>DFASBD.Submissions@state.nm.us</u>
- SBD Office Manager (or backup) will log in and route to analyst
- Include Excel version of BAR, OPBUD-4, or BRF Form
- Include all backup documentation as one PDF
- Include appropriate word in email subject line to aid in filtering:
  - BAR Budget Adjustment Request
  - BRF Budget Reallocation Form
  - OPBUD4 The form utilized for nonrecurring appropriations

#### SBD REVIEW PROCESS

- Office Manager logs into system, gives control number
   la. BARs Director does initial review for appropriate use of funds
- 2. Initial Analyst review
- 3. Team Lead review
- 4. Director or Deputy Director final review4a. Non-federal BARs 10 day wait for LFC passive review. Can request waiver.
- 5. Posting

# BUDGET ADJUSTMENT REQUESTS (BARS)

- Requests by agency to adjust current-year recurring operating budget (Section 4) according to authority granted by legislature in GAA, either general to all agencies or specific to that agency
- Agencies may do "internal" BARs that adjust budgets lower than the P-code level independent of DFA review. Any adjustment to a P-code level budget must be submitted to DFA.
- LFC has 10 day passive review of all P-code BARs except those involving federal funds
- Types
  - Budget Increase Request to increase budget according to granted authority (never GF)
  - Budget Decrease Request to decrease budget. Rare but can happen such as to align budget with federal grant amounts
  - Category Transfer Request to transfer budget authority from one expenditure category to another
  - Program Transfer Request to transfer budget authority from one P-code to another. Usually limited to specific agencies and/or programs denoted in GAA. Must transfer both expenditure and revenue budget.

#### STATUTORY AUTHORITY FOR BARS

- BAR Statutes: 6-3-23 though 6-3-25 NMSA 1978
- Special Revenue Fund Statutes
  - It is important to refer to language establishing special revenue funds in statutes, as this language will often dictate authority the agency has to increase the budget from this fund outside of the GAA.
  - "Money in the fund is appropriated to the department" = Agency has broad authority to submit increase BARs from this fund
  - "Money in the fund is subject to appropriation by the legislature" = Agency does not have authority to request increases beyond those allowed specifically in the GAA
  - Some funds do not have clear language. In such a case please consult your SBD analyst.

#### GAA AUTHORITY FOR BARS

- Note: Section labels may change slightly from year to year. Consult current authority document on SBD website.
- Section 3 (I)
  - Allows agencies with excess revenue from board of finance loans, other acts of the legislature, gifts, grants, donations, bequests, insurance settlements, refunds or payments into revolving funds to request budget increases
  - General authority used for federal grant increases
- Current FY BAR Authority section
  - Denotes specific authority to certain agencies to request budget adjustments for remainder of current FY

L. the board of veterinary medicine may request budget increases up to one hundred thousand dollars (\$100,000) from other state funds to make disbursements from the animal care and facility fund to qualifying animal shelters;

#### GAA AUTHORITY FOR BARS

- Next FY BAR Authority section
  - Establishes general authority granted to all agencies to request budget adjustments in next FY as well as specific authority granted to certain agencies
  - Subsection C: Authority for category transfers among PSEB, Contracts, and Other (not 500 category)
  - Subsection D: Authority for agencies with appropriations from Other State Funds or Transfers to request increases up to 5% of amount budgeted in Section 4.
    - Agencies that don't have broad authority to request increases from special revenue funds must follow this limit
    - Remember that OSF and Fund Balance are grouped together under OSF in GAA
    - If you have both OSF and Transfers, 5% authority to limited to each source separately, not combined (cannot use Transfers budget to increase OSF & vice versa)
  - Subsection E: list of authority granted to certain agencies by fund, program and/or purpose
  - Note that blanket program transfer authority to all agencies is rare

### REQUESTING BAR AUTHORITY

- DFA issues guidance to agencies in the fall for submitting BAR authority requests to be considered for inclusion in next session's GAA
- Submit language requests with short justification to both DFA and LFC
- DFA and LFC recommend BAR authority for inclusion, LFC drafts bill. Opportunities for negotiation / revision during House and Senate process
- Note that program transfer authority, even if specific, is difficult to get approved

#### COMPONENTS OF A COMPLETE BAR

- BAR Form (Excel)
- Budget Journals (copies from SHARE, convert to PDF)
- BAR Narrative (create in Word, convert to PDF)
- Backup documentation depending on type of BAR, possibly including:
  - Copy of specific statutory authority (copy of general authority not needed just citation)
  - Federal grant award and budget worksheet
  - 5% worksheet
  - SHARE reports showing budget availability for category decrease
  - Budget projections
- Utilize BAR Checklist on SBD's website to ensure complete submission

- Be sure to include correct journal number(s)
- Include appropriate statutory authority from GAA, statutes, etc
- Complete revenue section which should tie to revenue above, include 6 digit code. Use correct equity code for fund balance BAR.
- Mark type of BAR and check "No 10 Day Wait" box if BAR utilizes exclusively federal funds.
- Ensure CFO or designee has signed form

#### COMPLETING THE BAR NARRATIVE

- Use correct narrative for type of BAR: Budget Increase, Budget Decrease, or Category Transfer (can be adapted for program transfers)
- Narrative justification of why BAR is necessary complete thoroughly and accurately.
   Be specific about what funds are being used for.
  - Especially important for category transfers such as requests to move budget out of 200 category
  - Keep in mind that the Budget Director reviews BARs for appropriateness and the LFC will review later and may have questions
- Make sure information provided on narrative matches that on form, backup documents, etc.
- Examples of completed BARs with narratives will be posted on Boot Camp Training website

#### COMPLETING THE BAR JOURNALS

- Budget Entry Type: BARs are <u>always</u> Adjustments, even if setting up a "new" budget for a federal grant
- Entry Type is always BAR
- Ensure that budget increases and decreases have a REVENUE and APROP\_P journal
- Ensure that a transfer BAR is created as a Budget Transfer journal
- Ensure that journals have been approved at all agency levels to be routed to DFA
- Department-level decrease journals for transfer BARs
  - Cannot be done as a transfer must be done separately (first decrease, then increase)
  - Create and post department level decrease journal (Entry Type = AGY) before submitting BAR to DFA, include copy of posted journal in backup
  - After DFA posts BAR, create and post department level increase journal (otherwise it will error out – child exceeds parent budget)
- Refer back to Module 2 for full details on journal creation

#### BACKUP FOR FEDERAL INCREASE BARS

- Copy of grant award that details available funding amount and period of award
- Completed grant recon sheet showing any previous established budget and this BAR
- May consolidate more than one award into one BAR but need recons for each

# BUDGETING NONRECURRING APPROPRIATIONS: OPBUD-4s

- Most commonly budgeting items from Sections 5, 6, and 7 of GAA. Occasionally other legislation. Not subject to 10 day review by LFC.
- Lump-sum: Agencies have authority to establish budget in different expenditure categories as needed, according to fulfilling the purpose of the appropriation.
  - Exception: May not establish budget in 500 category unless specifically directed by appropriation
- Table of Budget Codes
  - Produced by SBD after every legislative session, posted on SBD website
  - Establishes Z-codes, class codes, and budrefs for all nonrecurring appropriations in GAA and other legislation. Consult and include copy of relevant line when submitting OPBUD-4s

- Funding Source: If not GF, specify Computer Systems Enhancement Fund or Tobacco Settlement Fund
- Allotment Distribution Type: Accelerated (get all money at once)
- Otherwise use same info from bill and OPBUD-4 Form

#### SPECIAL APPROPRIATION REAUTHORIZATIONS

- If a nonrecurring appropriation is not spent entirely by its original end date, an agency can request an extension, typically granted for one additional fiscal year.
- Budgeted via normal OPBUD-4 process after original budget period is over
- Use same Z-code as original appropriation but new class code and budref per the Table of Budget Codes
- Budget must be for remaining balance of appropriation include SHARE report showing balance as of last day (6/30) of original period
- Do not include allotment form money was already sent

#### **COMPANION BARS AND OPBUD-4s**

- Two possible use cases
  - Agency transfers funds from special revenue fund into operating budget and wants to increase OSF budget, thereby also increasing special revenue fund transfer. May even come from another agency in limited circumstances
  - Agency received nonrecurring appropriation from another agency's special revenue fund and therefore needs to receive transfer from that agency before it can spend the money.
     Agencies will need to coordinate.
- Procedure: 2 BARs or OPBUD-4s required (companions)
  - Budget with transfer revenue and expenditures in 200/300/400 as desired
  - Budget with original revenue (OSF or fund balance) and 500 category expenditure

## BUDGET REALLOCATION FORMS (BRFs)

- Used for two purposes:
  - Changes to established nonrecurring appropriations. Usually a category transfer. Increases are only allowed for federal funds.
  - Courts use BRFs as BARs since GAA gives them lump-sum Section 4 appropriations (can set up expenditure categories as they wish)
- Not subject to 10 day LFC review
- Components of a complete BRF
  - BRF Form (Excel)
  - Budget journal(s). Budget Entry Type: Adjustment. Entry Type: BRF. Create Budget Transfer journal for category transfer BRFs.
  - Documentation of federal funding availability if applicable
  - SHARE report showing available budget for category transfer
  - Courts submitting BRFs for Section 4 budgets should provide same documentation as required for a BAR of that type (increase, category transfer, etc.)
