

CAPACITY TRAINING SERIES II

The New Mexico Department of Finance and Administration
&
Department of Justice

The New Mexico Department of Finance and Administration, in collaboration with the Department of Justice, will be offering the next series of Capacity Building training. This comprehensive series will focus on critical updates and new systems designed to enhance transparency, accountability, and efficiency in state operations.

Training Topics Include:

New Technology Systems:

- **Capital Project System (CAPS)**- The Infrastructure Division's newly implemented system for managing Infrastructure Capital Improvement Plans and Capital Project Monitoring, replacing previous legacy systems
- **Project Accountability System (PARS)**- The Local Government Division's new comprehensive system for project oversight, reporting, and accountability measures.

Legal Compliance and Transparency:

- **Inspection of Public Records Act (IPRA)**- Updated guidance on compliance, processing requests, and maintaining transparency in public records management
- **Open Meetings Act**- Current requirements and best practices for conducting transparent public meetings and ensuring proper public participation
